

NELSON LAKES

The Nelson Lakes is one of New Zealand's hidden jewels, from glacial valleys, bush clad hillsides, and rock peaks; this area is fast becoming a favourite destination of both the first time walker and the seasoned climber.

St Arnaud is surrounded by the towering peaks of the St. Arnaud Range and Mt Robert, and is at the foot of the picturesque Lake Rotoiti, yet still boasts all the comforts of home.

Each day your guide will take you on a different trek, exploring the surrounding peaks, walking the edge of the Alpine lakes or strolling through the mighty Beech forest. One of the main attractions with this option is that each day you only need to carry a small day bag with your lunch, water and rain jacket, and of course your camera to capture the daily wonders you will be surrounded by.

Our Three Day Adventure sees us based in very comfortable accommodation each evening enjoying restaurant meals, showers and if you wish a luxurious spa to soak away the efforts of the day. Our base for the trip is the small mountain township of St. Arnaud.
